

Fire Vision LLC Training (Non-Agency):

- Instructors are certified by National Wildfire Suppression Association (NWSA), Washington Contract Firefighter Association (WCFA), or Incident Management Services & Training (IMST).
- All training complies with the qualification requirements for the skills and knowledge unique to fire and aviation management and the Incident Command System (ICS) as established by the National Wildfire Coordinating Group (NWCG) in the Wildland and Prescribed Fire Qualifications System Guide, PMS 310-1.
- Upon successful course completion, non-agency firefighter students will receive Certificates of Completion from NWSA, WCFA or IMST, and the record of completion will be entered into the NWSA, WCFA or IMST database. You do not need to belong to any association to attend these courses.
- **Emergency Equipment Rental Agreement and Incident Business Preseason Agreement** students will receive a certificate of completion that will be accepted by the agencies as proof of training as required by their contracts. Pocket cards versions will also be provided that can be presented at the Incident Command Post.
- *Fire Vision LLC* can provide training at your location if you have 15 or more students.
